SANDRA

Attention: Captain S. R. Houston

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.015989.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

State Administrative Manual (SAM) Section 8652 requires Departments to conduct a physical count of all state owned property and reconcile the count with accounting records at least once every three years. Departmental records indicate the last command inventory by the Capistrano Area was conducted on May 19, 2009. In order to provide independent verification and reasonable assurance to the Office of the Commissioner that California Highway Patrol inventory records are complete and accurate, your command was selected for a property inspection.

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on December 1-2, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 499 items (a). The statistically-valid sample at a 95 percent confidence level \pm 5 percent error rate provided a total stratified sample size of 56 items when rounded up to the next whole number (d).

Safety, Service, and Security

	Population Size	Percentage of Total	Calculated Sample Size	Predetermined List Sample Size
	(a)	(b)	(c)	(d)
ICU Decals	180	36.07%	19.84	20
Telecommunications	188	37.68%	20.72	21
Fleet	25	5.01%	2.76	3
Weapons	106	21.24%	11.68	12
Total	499			56

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 38 of the 56 items were located. Fourteen items were not available for inspection due to officers and/or vehicles not being in the Area. On December 21-22, 2009, the inspector received 13 photographs via facsimile and e-mail of items that were unavailable for inspection on the day of the inspection. The photographs are attached to this report and can be found in Attachments B, C and E. Two items were transferred out of the Area and two items could not be located. Furthermore, two of the 38 located items require a correction be made to the property record. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, 66 of the 68 items reconciled. Two items (air compressor tank and a condenser) inspected were recently received at the Area but have not been added to the Area's inventory. Both items require an asset number. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by April 8, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

Capistrano Area
